ADDITIONAL INFORMATION

REQUIRED---

43 CFR 3809.552(a)

Requirement to Concur With or to Revise Reclamation Cost Estimate

On October 3, 2002 we received your request to extend notices UTU-070615, UTU-070660, UTU-075877, UTU-075878 and UTU-078293. Your notices have been conditionally extended. In order to permanently extend the notices, \$3809.333 requires that a financial guarantee be provided in an amount and in a form acceptable to the BLM. Based on the notices on file with us, we have calculated a total reclamation cost estimate of \$18,200. We provided you with calculation worksheets on April 14, 2004. If you agree with our calculations, please submit written concurrence to us within 30 days of receipt of this letter. We will then inform the Utah State Office of the BLM to obligate the appropriate amounts from the \$50,000 you have deposited with them to each case file.

If you do not agree with our reclamation cost estimates, you can use the enclosed Reclamation Cost Estimation Summary Sheet to revise the amount. Please be sure to carefully document for which portion of your operation you are calculating the estimate, or how you believe we have erred in calculating the reclamation cost. If you need assistance, please contact this office.

If either the concurrence or a revised estimate is not submitted within 30 days of receipt of this decision, your Notice will expire, and we will issue an order that you immediately cease all activity except reclamation. Reclamation must begin

DIV. OF OIL, GAS & MINING

within 30 days and end within 90 days of receipt of the order. You may submit a new Notice or Plan. However, since you extended your notice, you no longer have the option of deferring reclamation as allowed by § 3809.300(d) and, in accordance with § 3809.335, you must begin reclamation by the deadline to do so unless you can have acceptable financial guarantee in place by the deadline to end reclamation.

Shirley K. Hind
